

DRIVEN BY PASSION – Our mission is to ensure long-term business relationships through customer satisfaction.

UNITED ENGINEERING SOLUTIONS is a dynamic, growing, and internationally operating engineering company in the heavy lift shipping segment. We offer a comprehensive service for shipping project, heavy lift, and breakbulk cargo as well as consultancy in nautical matters. We develop operation manuals, method statements, lifting and stowage plans along with the calculation of secure lashing, on-site finalization, and supervision of your project. We provide innovative solutions for challenging projects for a combined fleet of 22 MPP Heavy Lift vessels, 3 Deck-Carriers & 5 Semi-Subs.

UNITED ENGINEERING SOLUTIONS closely cooperates with our partner companies UNITED WIND LOGISTICS, UNITED HEAVY LIFT & UNITED HEAVY TRANSPORT. Get to know us at www.united.engineering.

Join our engineering team in our head office in the Hamburg at the next possible date in the position of

Student Worker – Stowage Planning (m/f/d)

Your main responsibilities:

- Coordinate & prepare plans for loading operations as well as cargo securing, stowage plans and other technical drawing (AutoCAD) having in mind all operational and shipboard constraints
- Maintenance of existing drawing templates based on our ship plans
- Preparation of procedure manuals for our crew and customers

Your qualifications:

- Enrolled student, preferably in the field of marine engineering or comparable field of study
- AutoCAD 2D knowledge or preferable of AutoCAD 3D
- Interest in a study-accompanying activity with a weekly working time of 10-15 hours on average, flexibly divisible

We offer:

- An exciting and autonomous job in a young team, consisting of navigators and engineers
- The opportunity to contribute your own ideas and to take on responsibility already as student
- A reasonable salary and flexible working hours
- The opportunity to carry out your later project/master thesis in our company if you are interested.
- Possibility to work from home after the job familiarization phase

UNITED ENGINEERING SOLUTIONS offers you a multifaceted and responsible position in an international company with a highly motivated, dynamic, and team-oriented working environment.

We are looking forward to receiving your meaningful application, supported by your earliest possible date of entry by email addressed to Philipp Tietjen: career@united.engineering (max. 2 attachments, in PDF format only).
